## Staking Our Claim: The Campaign for Frostburg

### Wooddells Show Appreciation for Education Through FSU Scholarship

**Dr. Hopwood Wooddell** of Mountain Lake Park, Md., had to wait 57 years to receive the diploma from FSU that he came so close to earning in 1940, but the value he received from his college education was of such value to him that he and his wife, Karen, established a scholarship for students from their home in Garrett County.

They have given more than \$200,000 to the FSU Foundation over the course of their lives and contributed more than \$65,000 during the period of Staking Our Claim: The Campaign for Frostburg.

Wooddell didn't really consider going to college after high school. It was the middle of the Depression, and his father had died after a long illness, leaving the family nearly broke. Instead, he went to work in a five and dime store in Oakland, where he stayed until he got a visit from the basketball coach at Frostburg State Teachers College, who was looking for

From left, Sarah Stevens, a past recipient of the Wooddell Scholarship, Dr. Hopwood Wooddell and Karen Wooddell

players. With financial assistance, it became possible for him to attend.

It was a run-in with a faculty member that cut short his college career six weeks from graduation, a

dilemma that was set right in 1997 by former Frostburg President John Morey and then-President Catherine Gira.

He bears no ill will. He sees his college education as a great benefit, starting when he enlisted in the Army in 1940.

"Frostburg gave a lot to me – in just admitting me to go to school, with no funds whatsoever. I think they gave me all they could give me. I just wanted to say thanks," he said.

His thanks came in the form of the Dr. J. Hopwood and Karen Wooddell Scholarship for students from Garrett County. The Wooddells see plenty of young people in their region who are in a dilemma similar to his all those years ago, with minimal resources. They wanted those students to still see college as an option, even if they weren't straight-A students.
