CES Brings 'The Glass Menagerie' to FSU

"The Glass Menagerie," one of Tennessee Williams' most beloved plays, will come to FSU on **Tuesday, March 8**, at 7:30 p.m. Part of the Main Stage Series of the Cultural Events Series, "The Glass Menagerie," presented by Walnut Street Theatre, will be performed in the PAC Drama Theatre.

The play takes place in 1937 in a small apartment in St. Louis at the home of Amanda Wingfield and her two children – Tom, an aspiring poet and shoe factory worker, and Laura, a painfully shy girl who wears a brace on her leg and spends her free time playing with her small glass animal collection. Amanda is Laura's mother and a former Southern belle, who, since her husband left her, has been

obsessed with finding an appropriate "gentleman caller" for her fragile daughter. The overbearing mother elicits the help of her irresponsible, dreamer son in hopes of making her own dreams come true.

"The Glass Menagerie" is considered by many to be an autobiographical

play about Williams' own life, with the characters and story mimicking his past more closely than any of his other works. Williams (whose real name is Thomas) would be Tom, his mother, Amanda, and his sickly and (supposedly) mentally ill sister Rose would be Laura (whose nickname in the play is "Blue Roses," a result of an unfortunate bout of pleurosis as a high school student). It has also been suggested that Laura's character is based on Williams himself, referencing his introverted nature and obsessive focus on one part of life.

Tickets are \$22 for adults and \$15 for those under 17. Group discount tickets are available. For info, contact the Cultural Events Series at x3137 or visit <http://ces.frostburg.edu>.

'Natural Gas and Our Future'

The Maryland Humanities Council, in partnership with FSU and the Palace Theatre, will present a moderated discussion, "Natural Gas and Our Future," **Wednesday, March 2**, from 7 to 9 p.m. at the Palace Theatre at 31 E. Main St. in Frostburg. The event is free and open to the public; seating is on a first-come, first-served basis. To register, go to www.mdhc.org.

The discussion will feature Gregory Wrightstone, director of geology for

Pittsburgh-based Texas Keystone Inc. and the president of the American Association of Petroleum Geologists, and Josh Fox, director of the Oscar-nominated film "Gasland." Roger Wolf, professor emeritus at the University of Maryland School of Law and former director of the Maryland School of Law's Center for Dispute Resolution, will moderate the discussion.

As the debate about domestic energy rages on, communities such as those in Western Maryland are left to decide whether or not oil, gas, wind and coal companies looking to drill, mine or build across the country represent potential benefits or risks. The March 2 forum will allow those interested in the issue of hydraulic

fracturing or "fracking" to ask questions of the panelists and engage in a discussion to help inform their decisions about the future of the community.

This event is a part of the Maryland Humanities Council's new initiative, Practicing Democracy: Seeking Common Ground. Practicing Democracy brings Marylanders together for a series of forums, workshops and events that provide opportunities for people with divergent opinions and perspectives to engage in respectful and effective civic dialogue.

For info, contact Beth Barbush at 410-322-7080 or ebarbush@mdhc.org, or Andrea Lewis at 410-685-6161 or alewis@mdhc.org.

Celtic Crossroads – A St. Patrick’s Treat

FSU’s Cultural Events Series presents Celtic Crossroads, performing Irish music like never before, doing to Irish music what Riverdance has done to Irish dance, on **Sunday, March 13**, at 7:30 p.m. Because of the show’s popularity, this performance has been moved from FSU’s Pealer Recital Hall to the larger venue of The Stage at Mountain Ridge High School in Frostburg.

The name Celtic Crossroads originates from a time in Ireland when neighboring communities met at the crossroads between towns and villages to socialize. With a focus on keeping the tradition of Irish music alive, each Celtic Crossroads performer nurtures this bygone concept, but by virtue of their young age and raw talent, they steer this tradition into the 21st century. True high-kicking from some of Ireland’s best-respected Irish dancers intensifies the pulsating rhythms of the show.

The show features seven world-class musicians playing over 20 instruments. From start to finish, the audience will be captivated by a fusion of musical varieties in the Irish music genres, such as Eastern European Gypsy, American bluegrass, world classical, jazz and the various forms of Celtic music.

Magical interludes from the haunting uilleann pipes, whistles, low whistles and, of course, the Irish harp, along with some of Ireland’s finest examples of traditional song, transport the audience to those crossroads in Ireland. Tempestuous fiddle playing competes with explosive banjo, intricate mandolin, accordion, mandola, bouzouki and guitar riffs, while silky flute playing reminds the audience that these traditional musicians are also classically trained. Throw in thunderous bodhran rhythms, drum kit and Peruvian cajon, along with Irish dancers, and the audience will find themselves clapping to the rhythm.

Tickets for Celtic Crossroads are \$22 for adults and \$15 for those under 17. Corporate and group discount ticket rates are also available. Tickets may be ordered by calling x3137 or online at <http://ces.frostburg.edu>.
