## FSU Launches Leadership Competency Model With Dr. Ronald Riggio

FSU will host leadership expert Dr. Ronald Riggio on **March 7 and 8** for a series of events, and his visit will mark the launch of a leadership competency model that will highlight the University's efforts to educate and develop leadership internally. Developed with his assistance by a Leadership Task Force appointed by **President Jonathan Gibraltar**, the model, which captures the key indicators of how leadership is taught and developed, will help FSU as an organization to promote leadership education and development.

On **Thursday, March 7**, at 11 a.m. in Lane 111, FSU faculty, staff and students are invited to join Riggio and the task force to officially launch the competency model and discuss the next steps in its implementation. In

addition, Riggio will discuss transformative leadership and leadership ethics with students in leadership courses and will be featured in a public session titled "Talking Leadership" at 7 p.m. in the Lane Atkinson Room (232). The session is open to student leaders to help them develop leadership within their campus organizations and classroom experiences as well as in life. Additionally, he will speak at the Sloop Institute for Excellence in Leadership, a leadership retreat featuring FSU alumni for competitively selected student leaders.

Riggio will serve as the scholar in residence for one of the largest interdisciplinary minors at FSU, the Leadership Studies minor.

Riggio is the Henry R. Kravis Professor of Leadership and Organizational Psychology and former director of the Kravis Leadership Institute at Claremont McKenna College. He is the author of over 100 books, book chapters and research articles on leadership, assessment centers, organizational psychology and social psychology.

## One Vision Many Voices Uses Music to Celebrate Community

One Vision Many Voices, the year-long celebration of Appalachian culture and community connections, turns to music when the award-winning folk duo Magpie engages students and other community members in song writing.

Greg Artzner and Terry Leonino will enlist participation from Beall Elementary School students, the ACM Choir and members of all ages from the community in song-writing workshops **Monday, March 4, through Wednesday, March 6**.

This collective, intergenerational effort will be inspired by art, especially a “community vision” quilt created by individuals to express what they love most about their community. These sessions are from 1 to 3 p.m. at the elementary school.

The mission for Magpie and their collaborators in this musical endeavor is to create an original song that captures the essence of the quilt stitched from 8- by 8-inch fabric squares submitted in the OVMW project.

The folk song they compose will be performed at the conclusion of Magpie’s three-day stay in a concert

that will be recorded. The footage will be used to produce a music video to be screened this summer. Participants are also invited to make their own visual recordings.

At the end of the OVMW project, the quilt, folk song and music videos will be shared with the community and awards will be given to those judged to be most inspirational.

Magpie will return as part of OVMW for a community concert **Wednesday, April 17**, at FSU.

Artzner and Leonino, who have played music together since 1973, will draw on a vast repertoire of folk music, including their own, in a concert to feature the new community-generated song.

As it is part of FSU activities in celebration of Earth Week, Magpie’s performance will emphasize an environmental theme.

The concert, from 7 to 8:30 p.m. in the Lane Manicur Hall, is free and open to the public. Parts of the community quilt will be displayed there.

FSU continues the Fourth Annual Bridges to the World International Film Festival with a film from Australia, “Red Dog,” on **Tuesday, March 5**, at 7 p.m. in Lane 111.

“Red Dog” is one of Australia’s most popular films. It is now being developed into a stage musical.

The film is based on the legendary true story of the red dog who united an isolated mining community while wandering the Australian outback in search of his master. “Red Dog” is set during the 1970s in Dampier, Western Australia. Into this rugged, predominantly male environment comes Red Dog, a dog who changed everyone’s life.

The last film in the series, “Citizen Havel” (Czech Republic), will be shown on **March 12** (same time and place).

The Bridges to the World International Film Series is a statewide

initiative in recognition of the state’s global reach and a reflection of those connections here in Maryland. Films are free and open to the public.

First United Bank and Trust has fully endowed a \$25,000 scholarship fund at FSU to benefit academically gifted students with financial need, the institutions have announced.

The gift was received by **Dr. Rosemary M. Thomas**, FSU vice president for University Advancement and executive director of the FSU Foundation, and **Alicia White**, FSUF director of administration and finance.

Thomas commended First United for its generosity. “By investing in the scholarship process, First United is making an investment in our University’s future and, in turn, in our students’ futures as well,” said Thomas.

“First United believes in supporting the academic growth of future leaders in our communities,” said Phil Rodeheaver, First United market area president. “Frostburg State University is a terrific resource in our rural community for higher education, and

we are proud to be able to endow this scholarship.”

The gift is most appreciated by FSU – particularly by the students, Thomas said.

## Take Note

### Frostburg Fire Sirens to Be Reactivated

Fire sirens will again be sounding in the City of Frostburg. Last year, the sirens were disabled during construction of the new FFD Price Station, the relocation of an existing siren and to make repairs to the sirens themselves. The four sirens are located at 298 E. Main St. (Station 2), 6 S. Grant St., 37 Broadway (rear of Police Station) and at the Frostburg Filtration Plant at the west end of the city.

The sirens are activated to notify the public of a fire or rescue emergency, to make them aware firefighters will be responding and fire apparatus will be en route to the emergency call. The sirens will only be activated for fire or rescue emergencies between the hours of 7 a.m. and 11 p.m. and will consist of three short cycles lasting about one minute total.

The sirens are also in place to notify the public of a declared general public emergency such as a tornado, hurricane, flood, etc. When these situations occur, the sirens will sound one continuous alert lasting one minute or longer. If this occurs, citizens should immediately check

local and national media to determine the nature of the emergency and follow the instructions given by the respective agencies.

Citizens can contact Frostburg Fire Chief Richard L. Atkinson Jr. at [ratkinson@frostburgfd.com](mailto:ratkinson@frostburgfd.com) for more information about the sirens.

“Our Town – Cumberland” tells why Cumberland is a special place in which to live and work. **President Gibralter** will make a brief appearance.

In the documentary, actor William H. Macy appears and talks about his experience growing up in Cumberland.

### College Health Survey

All FSU undergraduate students should have received an email invitation to participate in the National College Health Assessment survey. This survey will provide an overview of what FSU students think and feel about topics ranging from sleep to nutrition. Fifty survey participants will be selected at random to win free FSU stuff, including University store gift cards and hoodies. The survey closes **March 8**.

### Community Dialogue Series Continues

The next session of the Sustaining Campus and Community Dialogue series will be on **Tuesday, March 26**, at 5:30 p.m. in the Lyric Theatre at 20 E. Main

Street and will feature members of the Frostburg faith community.

In these community meetings, initiated last spring, coalition groups offer solutions around six themes: preventing conflict, building community relationships, improving race relations, promoting pride in FSU and Frostburg, discovering Western Maryland and managing off-campus housing concerns. Everyone with an interest in the Frostburg community is invited to attend.

A celebration picnic will also be held on **Saturday, May 4**, from noon to 3 p.m. at City Place on Water Street in conjunction with “Beautify the Burg,” the annual community service day in Frostburg.

The dialogue series project focuses on community-based action plans to support improved campus-community communication and a non-violent culture in Frostburg. Nationally known conflict resolution scholar-practitioners Dr. Frank Dukes, lecturer and director of the Institute for Environmental Negotiation at the University of Virginia, and Dr. Marvin Johnson, founder and executive director of the Center for Alternative Dispute Resolution, will continue to offer their expertise for these events.

Details and documentary segments capturing the “Sustaining Campus and Community” efforts can be viewed at [www.frostburg.edu/dept/cmst/dialogue-series](http://www.frostburg.edu/dept/cmst/dialogue-series). Contact project manager Dr. Elesha L. Ruminski at [elruminski@frostburg.edu](mailto:elruminski@frostburg.edu) or x4480 if interested in the session. fall beyond the scope of formal presentations is encouraged. Hands-on experiences are particularly encouraged. If the proposed program falls into that category, make a note of that in your response. Also indicate if there is a preferred time of day when you would like to present. Room space for presentations is limited. LGLG will be accepting proposals through **March 13.**
