

Good morning,

Here is a quick update on a few items.

Chancellor's Visit – Postponed. Unfortunately, the Chancellor informed me on Tuesday that he would need to reschedule his annual visit to FSU planned for this Friday. We're working with his office on a new date, hopefully in May.

Focus Frostburg - Today. There is a series of events addressing sustainability and climate awareness occurring today on campus. You can learn about the events at this [link](#). Please take advantage of this program as we commit to helping reverse many of the negative changes to our planet.

Student Showcase - Thursday, April 21 from 1 – 3 p.m. The Department of Computer Science & Information Technologies is hosting its first Student Showcase. Check out the 14 different poster-like presentations on the 2nd Floor of Gira CCIT. You'll see computer science, cyber security and information technology projects. Please engage with our students to help strengthen their communications and articulation skills.

Visit Day. Admissions challenged the weather once more! We held a visit day for approximately 30 prospective students and their families on Monday. It was rescheduled from March because of inclement weather. And, you know how Monday turned out. Let's hope that the next visit day on Saturday, April 30, breaks the weather jinx. We've had a good April with plenty of student interest for next fall. Thanks again to all that are connecting with our prospective students as we near the deposit date of May 1.

CLC Spring Festival. The Children's Literature Centre will be holding its annual Spring Festival this Friday and Saturday. A listing of events can be found [here](#).

As you can tell, we are moving into the final portion of the spring semester where we will be hosting many events each week celebrating the accomplishments of our students and faculty. As we move out of the restricted environment we have been living with, please take the time to visit with our students and enjoy their accomplishments. Stay safe.
